

June 24, 2019 Agenda

Jennifer,

Can you please place on the agenda for the 24th the following item for discussion/action?

The item presented at the June 12th budget hearing meeting by the PIFVD and residents consisted mainly of life safety capital items.

I would like to reserve some of the anticipated FY 2019 Audited Surplus to help cover the cost of these items. Items covered will be the purchase of radios, turnout gear and equipment repair. The PFD and PIVFD are preparing a list for the meeting on the 24th. This action will allow us to solve the need without raising taxes. Feel free to contact me for any clarification.

Formal Request

Of the 6/30/2019 the Town of Portsmouth surplus, which represents the Town's unassigned fund balance, I request to assign \$80,000 Fund Balance to the Prudence Island Volunteer Fire department to be spent on new radios, turnout gear and equipment repair.

Thank you,

Keith
