Town Clerk West,

Please schedule my discussion with our Portsmouth Town Council on August 13, 2109

Our Town must develop a plan for trash pick up on Park Avenue during the summer months.

Myself and other PROUD community members have picked up trash on Sunday's

Our DPW does pick up on Friday & Monday, leaving lots of trash stacked up on Sunday mornings.

On Sunday 8/4/19 I walked from THRIVE to Teddy's Beach. There are no barrels there.

It's Carry In & Carry Out with NO Enforcement.

I witnessed a debris field of TRASH spread out in a 20' x 20' area just under the large tree. It appears the violators left the trash in plastic bags. The local Gulls had a field day opening and spreading it out. I could not leave it. I filled 5 small bags with dirty diapers, plastic containers, empty beer and water bottles and more. How embarrassed I was that it was there. I had to clean it up.

We have a few options for addressing this issue. Parking meter, with a pay station is one of them to pay for pick up on Sundays and also to keep both the Park Avenue sidewalk and Teddy's Beach area cleaner during the 10 weeks of summer beach goers.

Let's work together to have a good plan to preserve our great beachscapes on Park Avenue in Portsmouth.

Proud of Portsmouth,

John Vitkevich
