

Child & Family

Caring for our Rhode Island Community since 1866

June 1, 2020

Dear Mr. Aguiar,

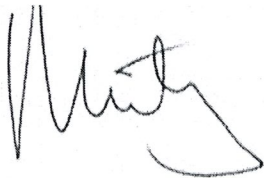

Thank you to the Town of Portsmouth for its final disbursement to Child & Family from the Community Development Block Grant program. The recent payment of \$22,000 was received May 28, 2020 and the total grant was for \$72,044. This funding allowed Child & Family to make necessary upgrades and improvements to our Residential Treatment Program's site, Portsmouth Center on Bristol Ferry Road.

The work included the installation of new windows and upgrades to the property's electrical infrastructure. A new door, painting in the common areas, and improvements to the parts of the roof were also part of the transformational work 42 North Builders completed at the site.

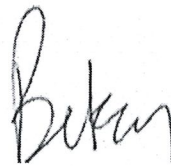

This work was crucial for upgrading the building that is the home of a small group of teenage girls while they are separated from their families or are awaiting a foster placement. This facility provides a safe, therapeutic place to live, offering a home-like setting that promotes positive mental, physical, academic, and social development for the youth in our care. Child & Family is grateful for this grant for all of the important work it allowed us to accomplish to improve the lives of our clients in need.

Thank you,

Gratefully,

Marty Sinnott
