Subject: [*EXTERNAL*] DaSilva/Loscocco variance request

Attn: Portsmouth Zoning Board of Review

I am writing to support the application from Andrew DaSilva and Paula Loscocco for a variance to replace a shed.

It is my understanding that the shed will be placed where the current one is sited. It will be against a fence and partially hidden by trees and their garden. It appears the problem lies in the belief that the shed will be placed in their "front yard". Many of us that live on the water front consider the "road side" our back yard and to put a storage shed on the water side would definitely create an eyesore for neighbors and block the applicants view of the bay.

I hope you will fit to grant their request.

Regards,

Debra Bair
