Dear Town of Portsmouth,

On behalf of Newport Mental Health and the clients that we serve, I would like to thank you for the Civic Support of \$3,000.00, which we received on 7/16/2020. Your financial support, and trust in our work help us in the fight against mental illness. We're working hard each day to support the wellbeing of family members, friends, and neighbors regardless of background or circumstance.

Thank you for believing in our work, and thank you for joining us in this movement for a healthy and happy community.

Sincerely,

Jamie M. Lehane, III, MPH

Thank you so much for your support. Unfortunately I believe we may still have not faced the worst of the emotional impact of the pandemic. This will go to our crisis service & school based work.

No goods or services were provided in return for your donation is. We encourage you to keep this written acknowledgment of your donation for your personal tax records, or share it with your tax preparer. Newport Mental Health is a registered 501(c)3 nonprofit, EIN 05-0374759

**PS** We're already putting your donation hard to work. As of June 23 we are providing active care for 1,089 Newport County residents.

**PPS** In October we will lose two thirds of our State Opioid Response (SOR) funding for 24/7 mobile crisis response, and we've been raising funds to cover this gap. This clinical team responds to requests from local law enforcement, and deploys to the scene. Data shows that treating a persons mental health needs costs society far less than locking them up.
