Mr. Kevin M. Aguiar, President
Portsmouth Town Council
2200 East Main Road
Portsmouth, Rhode Island 02871

Dear Mr. Aguiar,

On behalf of the Melville Park Committee, I wish to commend the efforts of the Public Works Department employees and the Director, Mr. Brian D. Woodhead, for their exceptional support in keeping the roads clear and cut back, removing large items of trash that people dump in the park, and maintaining the lower parking lot for vehicles while also taking care of fallen trees and keeping the compost piles under control.

Last year, they coordinated with a local contractor to clear muddy spots on the roads and fill these stretches with road tailings that would have had to be transported to Prudence Island for disposal.

With the assistance of Public Works, our committee is able to keep the park a clean and safe area for walking, fishing, and enjoying its natural surroundings at minimal cost to the taxpayers.

Sincerely,

Edward F. Rizy, Chair
Melville Park Committee
